

OBSIDIAN

Manufacturing Industries, Inc.

CAPABILITY STATEMENT

Company Overview - Obsidian Manufacturing Industries, Inc., located in Rockford, Illinois, provides superior quality workholding machine tools, lifting magnets and rotary surface grinders under its four brand, Arter Precision Grinding Machines, Magna-Lock USA, MagnaLift and Power-Grip. OEM parts and repair services are offered for all their brands. Additionally, competitive pricing is available for repair services for most major brands in their industries. Obsidian Manufacturing Industries, Inc. also is a grinding shop with precision and rough surface grinding services available.

MANUFACTURING

- Arter Precision Grinding Machines - Since 1914; smooth, concentric surface finishes are synonymous with Arter grinders; our extensive historical engineering records contain information to service all Arter Grinders.
- Magna-Lock USA - Since 1948; workholding solutions widely acclaimed for their superior holding power, fine quality and exceptionally long life; our wide-range of engineering records assist with providing our customers with OEM parts and repairs service for all products and lend innovated ideas to new custom designs
- MagnaLift and Power-Grip - Since 1940's; heavy duty precision magnetic holding equipment for machine tool and other industrial applications; our vast historical engineering documents and knowledge assist us with producing OEM parts and repairs for our customers

REMANUFACTURE

- Repair, Rebuild or Retrofit our products as well as other major brands

CUSTOM DESIGN AND INNOVATION

- Electromagnetic chucks: parallels (transfer plates), controllers, fixtures, top plates
- Lift magnets: Adaptor shoes, spacers, spreader beam models
- Vacuum chucks and fixtures with virtually no size or shape restrictions

MACHINING SERVICES

- Precision and rough surface grinding services
